Redemption Method**Early Redemption:**

On each Observation Date, the Issuer has the right, but not the obligation to call the product and to redeem it on the respective Early Redemption Date. Information flow about redemption is stated in section "Notices" and will immediately take effect on the Observation Date.

- If the Issuer exercises its one-sided early redemption right, the product will be redeemed at 100% of the Denomination plus Coupon Payment for the respective period. No further payments are made.
- If the Issuer does not exercise its one-sided early redemption right, the product continues to run until the next Observation Date.

Redemption at Maturity:

If no Early Redemption event has occurred, there are the following possible redemption scenarios:

If the price of none of the Underlyings has traded at or below the Knock-in Level at the Final Fixing Date, redemption will be 100% of the Denomination.

If the price of one or more of the Underlyings has traded at or below the Knock-in Level at the Final Fixing Date ("Knock-in Event"), the investor will receive a cash repayment corresponding to the Denomination minus the percentage difference between Initial Fixing Level and Final Fixing Level of the Underlying with the largest negative performance.

The Coupon will be paid out on the defined Payment Date(s) independent of the performance of the Underlyings.

The calculation of the Redemption is independent of any changes in foreign exchange rates between USD and the currency of the Underlyings (Quanto Style).

Listing/Secondary market

The product will not be listed on an exchange. The Issuer commits to quote bid prices, market and limit orders will be accepted.

Type of quoting

During the lifetime, this product is traded flat accrued interest, i.e. accrued interest is included in the trading price ('dirty price').

Key Elements of the product

ZKB Callable Barrier Reverse Convertible on worst of is an investment product, which can be redeemed early on different dates at the discretion of the Issuer. The investor achieves an above average return in case of stable, slightly raising or even falling levels of the Underlyings.

If no Underlying touched or breached the Knock-in Level at Final Fixing Date, redemption will be 100 % of the Denomination. If at Final Fixing Date, the Knock-in Level of one or more of the Underlyings is touched or breached the investor will receive Bar delivery. The guaranteed Coupon will be paid out in any case.

The calculation of the Redemption is independent of any changes in foreign exchange rates between USD and the currency of the Underlying (Quanto Style).

Taxes

The product is considered as Non-IUP (Intérêt Unique Prédominant). The coupon payments of 2.1729% (8.7000% p.a.) are divided in an option premium payment of 8.0538% p.a. and an interest payment of 0.6462% p.a. The option premium part qualifies as capital gain and is not subject to Swiss income tax for private investors with Swiss tax domicile. The interest part is subject to Swiss income tax at the time of payment. The product is not subject to Swiss withholding tax. The Federal securities transfer stamp tax is levied on secondary market transactions of this product. This product may be subject to additional withholding taxes or duties, such as related to FATCA, Sect. 871(m) U.S. Tax Code or foreign financial transaction taxes. Any payments due under this product are net of such taxes or duties.

The information above is a summary only of the Issuer's understanding of current law and practice in Switzerland relating to the taxation of structured products. The relevant tax law and practice may change. The Issuer does not assume any liability in connection with the above information. The tax information only provides a general overview and can not substitute the personal tax advice to the investor.

Documentation

This document is a non-binding English translation of the Final Terms (Endgültige Bedingungen) published in German and constituting the Final Terms in accordance with article 45 of the Federal Act on Financial Services (FinSA). The English language translation is provided for convenience only.

The binding German version of these Final Terms supplements the base prospectus approved by the SIX Exchange Regulation Ltd and published in German by the Issuer on 16 November 2020. These Final Terms constitute a simplified prospectus pursuant to article 5 para. 2 CISA in the version dated 1 March 2013. Together with the base prospectus (and together with any supplements) these Final Terms form the product documentation for this issue.

If this product was the first time issued under the base prospectus of 16 November 2020, these Final Terms must be read in conjunction with the General Terms of the Securities (Allgemeine Bedingungen der Derivate), the Additional Terms and the Information on the Underlyings in the base prospectus of 16 November 2020. If this product has been issued prior to the date of the base prospectus of 16 November 2020, these Final Terms shall be read in conjunction with the base prospectus of 16 November 2020 and together with the Existing Terms of the products from the version of the Issuance Programme or base prospectus in force at the time of issuance that has been incorporated by reference in this base prospectus.

The base prospectus of the Issuer dated 16 November 2020 will cease to be valid on 16 November 2021. From and including this date, these Final Terms must be read together with the latest valid version of the base prospectus of the Issuer (including the information incorporated by reference into the latest valid version of the base prospectus from the base prospectus under which the products the first time were issued), which follows the base prospectus of 16 November 2020.

Except as otherwise defined in these Final Terms, the terms used in these Final Terms have the meaning given to them in the base prospectus. In case of discrepancies between information or the provisions in these Final Terms and those in the base prospectus, the information and provisions in these Final Terms shall prevail. In the event of a listing of the products, the product documentation will be adapted, if and to the extent necessary, in accordance with the requirements of the relevant exchange. The present products will be issued in the form of uncertificated securities (Wertrechte) and registered as book-entry securities (Bucheffekten) with SIX SIS AG. Investors have no right to require the issuance of any certificates or any proof of evidence for the products.

These Final Terms and the base prospectus can be ordered free of charge at Zürcher Kantonalbank, Bahnhofstrasse 9, 8001 Zurich, dept. VR1E or by e-mail at documentation@zkb.ch. They are also available on <https://www.zkb.ch/finanzinformationen>.

The possibility of an early redemption has been neglected in the above table.

If the prices of the Underlyings do not close at or below the Knock-in Level on the Final Fixing Date, the performance of the ZKB Callable Barrier Reverse Convertible Last Look on worst of will be at 26.07%, according to Coupon Payment Date(s).

If on the Final Fixing Date the worst performing Underlying closes at or below the Knock-In Level, then the performance of the Last Look on worst of will correspond to the Denomination minus the percentage performance of the worst performing Underlying, i.e. a partial or total loss. The Coupon will be paid out additionally.

The table above is valid at maturity only and is by no means meant as a price indication for this structured product throughout its lifetime. The price of this structured product depends on additional risk factors between the Initial Fixing Date and the Final Fixing Date. The price quoted on the secondary market can therefore deviate substantially from the above table. It was assumed, that Kering rs was the worst performing Underlying. This selection is just a representative example of the possible alternatives.

3. Material Risks for Investors

Issuer Risk

Obligations under this structured product constitute direct, unconditional and unsecured obligations of the Issuer and rank pari passu with other direct, unconditional and unsecured obligations of the Issuer. The value of the structured product not only depends on the performance of the Underlying and other developments in the financial markets, but also on the solvency of the Issuer, which may change during the term of this structured product.

Specific Product Risks

Structured products are complex financial instruments, which entail considerable risks and, accordingly, are only suitable for investors who have the requisite knowledge and experience and understand thoroughly the risks connected with an investment in these structured products and are capable of bearing the economic risks. The loss potential of this structured product is in case of a Knock-in Event equal to the one of the Underlying with the worst Performance minus the coupon paid out. The price of the Underlying can trade at redemption considerably below the Initial Fixing Level. The product is denominated in USD. If the investor's reference currency differs from the USD, the investor bears the risk between the USD and his reference currency.

4. Additional Terms

Modifications	<p>If an extraordinary event as described in the base prospectus occurs in relation to the Underlying/a component of the Underlying or if any other extraordinary event occurs, which makes it impossible or particularly cumbersome for the Issuer, to fulfill its obligations under the products or to calculate the value of the products, the Issuer shall at its own discretion take all the necessary actions and, if necessary may modify the terms and conditions of these products at its own discretion in such way, that the economic value of the products after occurrence of the extraordinary event corresponds, to the extent possible, to the economic value of the products prior to the occurrence of the extraordinary event. Specific modification rules for certain types of Underlyings stated in the base prospectus shall prevail. If the Issuer determines, for whatever reason, that an adequate modification is not possible, the Issuer has the right to redeem the products early.</p>
Change of Obligor	<p>The Issuer is entitled at all times and without the consent of the investors to assign in whole (but not in part) the rights and claims under individual structured products or all of them to a Swiss or foreign subsidiary, branch or holding company of the Zürcher Kantonalbank (the "New Issuer") to the extent that (i) the New Issuer assumes all of the obligations arising out of the assigned Derivatives which the previous Issuer owed in respect of these Derivatives, (ii) the Zürcher Kantonalbank enters into a keep-well agreement with the New Issuer with terms equivalent to the one between the Zürcher Kantonalbank and Zürcher Kantonalbank Finance (Guernsey) Limited, (iii) the New Issuer has received from the supervisory authorities of the country in which it is domiciled all necessary approvals for the issue of Derivatives and the assumption of the obligations under the assigned Derivatives.</p>
Market Disruptions	<p>Compare specific provisions in the base prospectus.</p>
Prudential Supervision	<p>As a bank within the meaning of the Swiss Federal Act on Banks and Savings Banks (BankG; SR 952.0) and a securities firm within the meaning of the Swiss Federal Act on Financial Institutions (FinIAG; SR 954.1), Zürcher Kantonalbank is subject to the prudential supervision of FINMA, Laupenstrasse 27, CH-3003 Bern, https://www.finma.ch.</p>
Recording of Telephone Conversations	<p>Investors are reminded that telephone conversations with trading or sales units of Zürcher Kantonalbank are recorded. Investors, engaging in telephone conversations with these units provide their tacit consent to the recording of their conversations.</p>
Further Information	<p>This document constitutes neither an offer nor a recommendation or invitation to purchase financial instruments and can't replace the individual investor's own judgement. The information contained in this document does not constitute investment advice but is intended solely as a product description. An investment decision should in any case be made on the basis of these Final Terms and the base prospectus. Particularly, before entering into a transaction, the investor should, if necessary with the assistance of an advisor, examine the conditions for investment in the product in consideration of his personal situation with regard to legal, regulatory, tax and other consequences. Only an investor who is aware of the risks of the transaction and has the financial capacity to bear any losses should enter into such transactions.</p>
Material Changes	<p>Since the end of the last financial year or the date of the interim financial statements, there have been no material changes in the assets, financial or revenue position of the Issuer and Zürcher Kantonalbank.</p>
Responsibility for the Final Terms	<p>Zürcher Kantonalbank, Zurich, and Zürcher Kantonalbank Finance (Guernsey) Limited, Guernsey, assume responsibility for the content of these Final Terms and hereby declare that, to their knowledge, the information contained in these Final Terms is correct and no material circumstances have been omitted.</p>
