<b>Key Elements of the Product</b>	<p>ZKB Barrier Reverse Convertible on worst of combine a fixed income security with the sale of a knock-in put option. With an investment in ZKB Barrier Reverse Convertible on worst of the investor can take advantage of the current implied volatility of the Underlyings. An above-average return will be reached if the Underlyings trade sideways, slightly higher or even lower than on the Initial Fixing Date. If the Knock-in Level has never been touched or breached between Initial Fixing Date and Final Fixing Date, redemption will be 100% of Denomination, independent of the Final fixing Levels of the Underlyings. If the Knock-in Level has been touched or breached between Initial Fixing Date and Final Fixing Date, and if the Final Fixing Levels of one or more Underlyings are below the Cap Level, the investor will receive a physical delivery of the worst performing Underlying (between Initial Fixing Date and Final Fixing Date) according to Redemption Method. If, however, the Final Fixing Levels of all Underlyings are at or above the Cap Level, redemption will be 100% of Denomination. Because of the guaranteed Coupon(s), the loss in case of a physical delivery of the Underlying is lower compared to a direct investment in the Underlying.</p> <p>During the lifetime, this ZKB Barrier Reverse Convertible on worst of is traded flat accrued interest, i.e. accrued interest is included in the trading price.</p>	

## Taxes

The product is considered as transparent and Non-IUP (Intérêt Unique Prédominant). The coupon payments of 10.7500% p.a.\*\* are divided in an option premium payment of 10.7500% p.a.\*\* and an interest payment of 0.0000% p.a.\*\*. The option premium part qualifies as capital gain and is not subject to Swiss income tax for private investors with Swiss tax domicile. The interest part is subject to Swiss income tax at the time of payment. The product is not subject to Swiss withholding tax. The Federal securities transfer stamp tax is not levied on secondary market transactions for ZKB Barrier Reverse Convertible on worst of with initial duration of less than one year.

In the case of physical delivery of the underlying securities at maturity, the Federal securities transfer stamp is levied on the basis of the cap level. This product may be subject to additional withholding taxes or duties, such as related to FATCA, Sect. 871(m) U.S. Tax Code or foreign financial transaction taxes. Any payments due under this product are net of such taxes or duties.

The information above is a summary only of the Issuer's understanding of current law and practice in Switzerland relating to the taxation of Structured Products. The relevant tax law and practice may change. The Issuer does not assume any liability in connection with the above information. The tax information only provides a general overview and cannot substitute the personal tax advice to the investor.

If the Knock-in Level is never touched between the Initial Fixing Date and Final Fixing Date, the performance of the ZKB Barrier Reverse Convertible on worst of will equal the Coupon of 10.75% \*\*, cf. table under "Knock-in Level untouched", paid out during the term of the Structured Product according to Coupon Payment Date(s).

If, however, the Knock-in Level is touched between the Initial Fixing Date and the Final Fixing Date, cf. Table under "Knock-in Level touched", the loss of the ZKB Barrier Reverse Convertible on worst of at maturity corresponds to the loss of the Underlying with the worst relative performance between Initial Fixing Date and Final Fixing Date less the Coupon(s) of 10.75% \*\* paid out during the term of the Structured Product. If the Final Fixing Levels of all Underlyings trade at or above the Cap Level, redemption will be 100% of Denomination. Additionally, the Coupon(s) will be paid out according to Coupon Payment Date(s).

The table above is valid at maturity only and is by no means meant as a price indication for this Structured Product throughout its lifetime. The price of this Structured Product depends on additional risk factors between the Initial Fixing Date and the Final Fixing Date. The price quoted on the secondary market can therefore deviate substantially from the above table. It was assumed, that BMW s was the worst performing Underlying. This selection is just a representative example of the possible alternatives.

## 3. Material Risks for Investors

### Issuer Risk

Obligations under this Structured Product constitute direct, unconditional and unsecured obligations of the Issuer and rank pari passu with other direct, unconditional and unsecured obligations of the Issuer. The value of the Structured Product not only depends on the performance of the Underlying and other developments in the financial markets, but also on the solvency of the Issuer, which may change during the term of this Structured Product.

### Specific Product Risks

Structured Products are complex financial instruments, which entail considerable risks and, accordingly, are only suitable for investors who have the requisite knowledge and experience and understand thoroughly the risks connected with an investment in these Structured Products and are capable of bearing the economic risks. The loss potential of an investment in ZKB Barrier Reverse Convertible on worst of is limited to the difference between the purchase price of the ZKB Barrier Reverse Convertible on worst of and Final Fixing Value of the worst performing Underlying multiplied by the Ratio. The guaranteed Coupon reduces the loss of the ZKB Barrier Reverse Convertible on worst of compared to a direct investment in the Underlying with the worst relative performance. The value of the Underlying can then be lower than the Cap Level. The ZKB Barrier Reverse Convertible on worst of is denominated in EUR. If the investor's reference currency differs from the EUR, the investor bears the risk between the EUR and his reference currency.

#### 4. Additional Terms

##### Modifications

If an Extraordinary Event as described in the base prospectus occurs in relation to the Underlying/a component of the Underlying or if any other extraordinary event occurs, which makes it impossible or particularly cumbersome for the Issuer, to fulfill its obligations under the Structured Products or to calculate the value of the Structured Products, the Issuer shall at its own discretion take all the necessary actions and, if necessary may modify the terms and conditions of these Structured Products at its own discretion in such way, that the economic value of the Structured Products after occurrence of the extraordinary event corresponds, to the extent possible, to the economic value of the Structured Products prior to the occurrence of the extraordinary event. Specific modification rules for certain types of Underlyings stated in the base prospectus shall prevail. If the Issuer determines, for whatever reason, that an adequate modification is not possible, the Issuer has the right to redeem the Structured Products early.

##### Change of Obligor

The Issuer is entitled at all times and without the consent of the investors to assign in whole (but not in part) the rights and claims under individual Derivatives or all of them to a Swiss or foreign subsidiary, branch or holding company of the Zürcher Kantonalbank (the "New Issuer") to the extent that (i) the New Issuer assumes all of the obligations arising out of the assigned Derivatives which the previous Issuer owed in respect of these Derivatives, (ii) the Zürcher Kantonalbank enters into a keep-well agreement with the New Issuer with terms equivalent to the one between the Zürcher Kantonalbank and Zürcher Kantonalbank Finance (Guernsey) Limited, (iii) the New Issuer has received from the supervisory authorities of the country in which it is domiciled all necessary approvals for the issue of Derivatives and the assumption of the obligations under the assigned Derivatives.

##### Market Disruptions

Compare specific provisions in the base prospectus.

##### Selling Restrictions

EEA, U.S.A./U.S. persons, United Kingdom, Guernsey

##### Prudential Supervision

As a bank within the meaning of the Swiss Federal Act on Banks and Savings Banks (BankG; SR 952.0) and a securities firm within the meaning of the Swiss Federal Act on Financial Institutions (FinIAG; SR 954.1), Zürcher Kantonalbank is subject to the prudential supervision of FINMA, Laupenstrasse 27, CH-3003 Bern, <https://www.finma.ch>.

##### Recording of Telephone Conversations

Investors are reminded that telephone conversations with trading or sales units of Zürcher Kantonalbank are recorded. Investors, engaging in telephone conversations with these units provide their tacit consent to the recording of their conversations.

##### Further Information

This document constitutes neither an offer nor a recommendation or invitation to purchase financial instruments and can't replace the individual investor's own judgement. The information contained in this document does not constitute investment advice but is intended solely as a product description. An investment decision should in any case be made on the basis of these Final Terms and the base prospectus. Particularly, before entering into a transaction, the investor should, if necessary with the assistance of an advisor, examine the conditions for investment in the Product in consideration of his personal situation with regard to legal, regulatory, tax and other consequences. Only an investor who is aware of the risks of the transaction and has the financial capacity to bear any losses should enter into such transactions.
